Final Operating Unit 15 (OU-15) Technical Memorandum Number 1

Autar Rampertaap, Branch Chief, Rocky Flats Branch

Attached please find the Operable Unit 15 (OU-15) Final Technical Memorandum No 1 (TM-1) and the associated Response to Comments, which resulted from the review of Draft TM-1. This Final TM-1 document is being sent for your review and comment. The Final TM-1 incorporates the formal comments received and the verbal comments, which resulted from the March 17, 1994, meeting between the Department of Energy, EG&G, the Environmental Protection Agency and the Colorado Department of Health. We are again utilizing the parallel review process in order not to impact the submittal of the OU-15 Phase I, Draft RFI/RI Report on August 1, 1994.

We request that you return your comments to this office by May 25, 1994.

If you have any questions or concerns please contact Dr. W. N. Fitch of my staff at telephone (303) 966-4013.

Thank you for your cooperation and prompt attention to this matter.
